Panel Discussion concerning Primary Care Mental Health Training and Practice

Also with a discussion of “Common Factors in Various Psychotherapies”. Social networking session following. This Panel will include a resident in family medicine and two early career doctors plus some doctors who are well into the middle of their careers as FPs & GPs providing mental health and psychotherapy in primary care.

We are contacting you to let you know that the OMA Section of Primary Care Mental Health is now developing an outreach program focused on family medicine residents and medical students. We are planning an outreach program at the OMA Offices. Details follow:

Where: OMA Offices (150 Bloor Street West, Suite 900, Toronto, ON).

When: November 28th 2018 (7:00 PM dinner, Panel 7:30 to 9:00 PM) (Post Panel social get-together)

Why: Younger doctors often don't know pathways to learning and practice Psychotherapy in Primary Care Mental Health.

Cost: Free – dinner included (also optional social event following at Hemingways in Yorkville).

Who (participants): Resident physicians and early career physicians and some senior physicians in the area of primary care psychotherapy and other members of the OMA Section on Primary Care Mental Health.

Who (organizers): OMA Section on Primary Care Mental Health Education Committee.
