

**Supervision / Mentoring Session on Standards of Psychotherapy
at the Medical Clinic
Year 2014**

OK – now it’s official. I will be doing a small group supervision session on the practice of psychotherapy. It will focus on the standards, guidelines, and boundaries. This will be on both Thursday and Friday once every week (alternating between Thursdays one week and Friday the next week). Please see the schedule attached.

The topics will vary (and are also up to the participants) and there will be plenty of time to talk about any cases that you bring.

I will be seeking GPPA accreditation for these sessions ASAP. So far there is no charge if you are a member of our Clinic. The first topic will be Record Keeping in Psychotherapy (as practiced in medicine).

These sessions on the practice of psychotherapy are at our Medical Clinic (265 Yorkland Blvd, North York, ON M2J 1S5)

- 1) You can join if you work here at the Medical Clinic, or
- 2) Those who are registered as my mentees with the OCFP’s Collaborative Mental Health Care Network (CMHCN). The application to be my mentee is attached.
- 3) Others (who will pay a fee of \$25.00 per hour)

These sessions will be held every week and yet will alternate from Thursdays to Fridays. The first session is next week Thursday July 3rd at 9:30 AM in our Boardroom.
